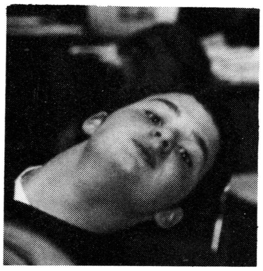
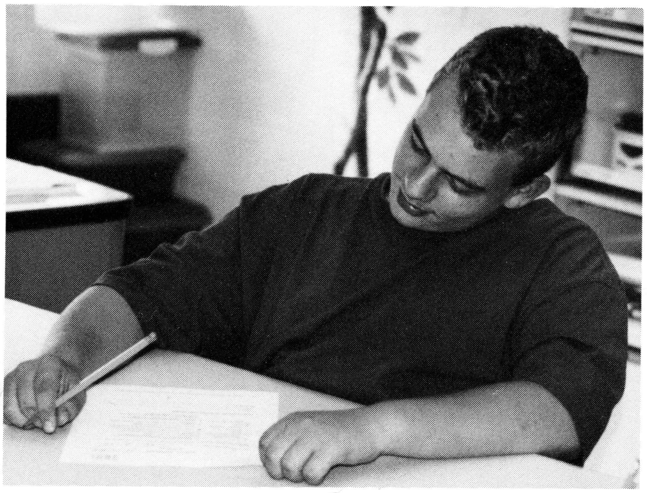
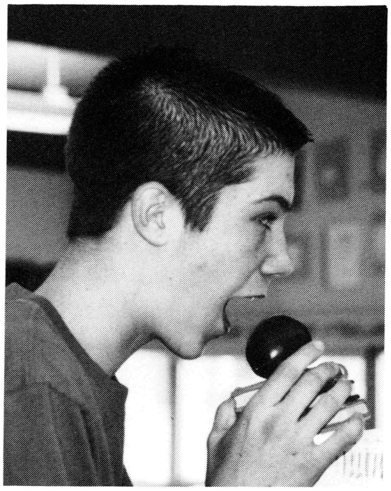
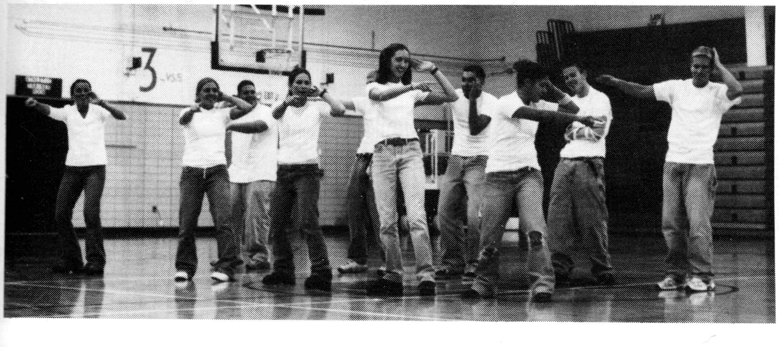
LIFE

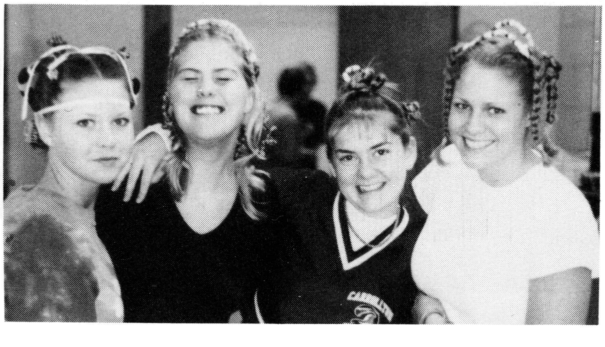






I NEED A HOME-Coming DATE





CHS
AND1

Dear Class of 2001:

You have reached one of many events during your lifetime that will never be forgotten by you or your family. Graduating from high school is something that should be appreciated. You have worked very hard to get to this point in your life. Commencement marks the end to your K-12 learning experience, but just the beginning of a part of your life that is filled with promise. You should set your goals high, so there will be many options available to you in the future. The staff of Carrollton Public Schools has given you the tools needed to achieve any goal you set for yourself. You are now one of approximately 3,500 C.H.S alumni who are making many positive contributions to society.

In the game of life, you know you are halfway to success when you gain the habit of setting goals and achieving them. Even the most tedious chore will become endurable as you parade through each day convinced that every task, no matter how menial or boring, brings you closer to fulfilling your dream.

The following is a quote from an author whose books we have all read early in our lives.

> "You have brains in your head. You have feet in your shoes. You can steer yourself in any direction you choose. You're on your own. And you know what you know, you are the person who'll decide where to go."
>
> ~ Dr. Suess

I wish the Class of 2001 the best as you strive to be the best persons possible. Remember to continue to show your CAVALIER Pride!

~Marc Jaremba

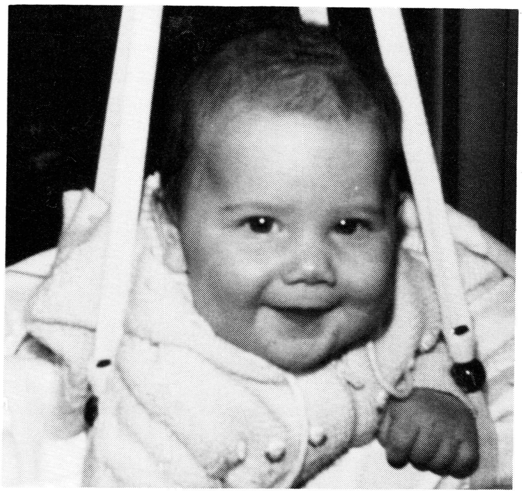
You have grown from a sweet, loving, little tomboy, into a beautiful young woman. We are proud of you and all your accomplishments. You have brought so much love and happiness in our lives. You will be our baby girl forever and ever. We love you an infinity!!
Love, Mom and Dad



Lisa Marie,

As the years go by, and seasons change,
As winter turns from fall.
I sit here now and look at you,
And think of when you were small.

I remember the smiles and laughter,
The frill, the lace, the bows.
All the outfits, all the friends,
My, how the time goes.

I sit here now and look at you,
And realize you are grown,
An independent young woman,
Creating a future of your own.

We are so proud of you
and your accomplishments.
Love,

DELTA

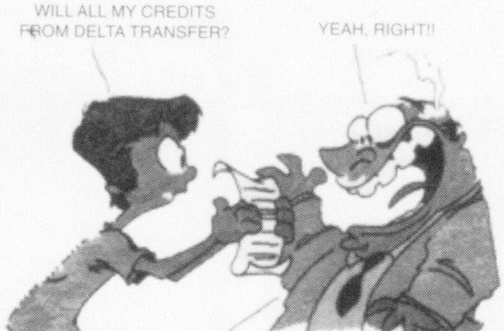
6 *myths* About your local community college

Myth No. 5

The courses don't transfer.

Bunk! Our transfer credits transfer. That's what they are designed for, and they're designed in coorperation with the universities in the state. In fact, we have articulation agreements with state colleges and universities that will take your associate degree credits from us with no strings attached. If you follow one of our 60 transfer credit programs ranging from accounting to veterinary medicine, and maintain grades of C or better, you'll transfer every required course you take to a Michigan public institution, and most private ones, too. As a matter of fact, we would be very surprised if you lose credit transferring to any accredited school in the country. To avoid any costly mistakes, simply allow our professional counselors and academic advisors to help you select the best courses and programs.



WILL ALL MY CREDITS FROM DELTA TRANSFER?
YEAH, RIGHT!!
YOU LOSE!!!
